## EXPERIENCE

### Eagle Tech IT Solution | Web Development Intern

Chennai | 2024-05-15 - 2024-06-01

- Completed a 15-day internship focused on front-end web development.
- Learned and applied HTML, CSS, JavaScript to build responsive UI.
- Collaborated with a development team and gained hands-on experience in real-world project workflows.
- Understood the basics of version control (Git) and web design best practices.
- Built simple, user-friendly pages as part of the internship project.

## SKILLS

Programming Languages: Python, C, Java, Javascript, CSS, HTML

Libraries/Frameworks: Bootstrap

Tools / Platforms: Vs Code, Git

Databases: SQL

## PROJECTS / OPEN-SOURCE

### Personal Portfolio

HTML, CSS, and Flexbox

Developed an interactive E-commerce website using HTML and CSS with smooth animations and transitions.

### Hospitalize

HTML, CSS, and Flexbox, CSS Animations

Built a multi-page hospital website with sections for departments, doctors, contact, and appointment booking. Used Flexbox for responsive layout and CSS animations to enhance user interaction and visual appeal.

### LuxeStore

HTML, CSS, and Flexbox, CSS Animations

Designed and developed LuxeStore, a front-end e-commerce website showcasing premium product listings with a clean, modern interface. The site includes core pages such as Home, Products, About, Contact, and a mock Cart/Buy Now experience. Utilized HTML5 and CSS3 for structure and styling, implemented Flexbox for responsive layouts, and applied CSS animations to enhance visual interactivity and user engagement.
